Description :

Prsentation de l'diteurThe natural Japanese affinity for decorative art is apparent in this striking collection of exquisite stencil designs. A centuries-old tradition of capturing nature in striking floral and wildlife motifs is reflected in the graceful shapes and lovely lines of more than 100 illustrations. Lush blossoms, bamboo branches, butterflies, birds on the wing, and rustic country homes, among other subjects long associated with Japanese art, are boldly printed in black and white. Ready for use as patterns for wallpaper, textiles, graphics, and needlework, these delicate royalty-free images are ideal for a host of modern decorative and graphic needs.
