Audiobook The story tells of the adventures of Judah Ben-Hur, Jewish prince and merchant in Jerusalem at the beginning of the 1st century. Ben-Hur's childhood friend Messala arrives back home as an ambitious commanding officer of the Roman legions. They come to realize how much they have changed and now hold very different views and aspirations. During a military parade a brick falls from the roof of Judah's house and barely misses the Roman governor. Although Messala knows that they are not guilty, he condemns the Ben-Hur family. Without trial, Judah is sent to work until death as a Roman galley slave, his mother and sister are thrown into prison and all the family property is confiscated. Through fate and good fortune, Judah survives and manages to return to Jerusalem, to seek revenge against his one-time friend and redeem his family. Running in parallel with Ben-Hur's narrative is the unfolding story of Jesus, who comes from the same region and is a similar age, mirroring themes of betrayal, conviction and redemption. Ben-Hur witnesses and is inspired by the rise of the Christ figure and his following who challenge Roman tyranny and talk of keys to a greater kingdom.

Revue de presse Compared with other romances . . . Ben-Hur easily passes them all, by a vitality which has a touch of genius. Carl Van Doren
