## Description :

Prsentation de l'diteurMore than 20 years ago, Canadian goldsmith Charles Lewton-Brain invented a radical way to develop forms in metal sheet. In the ensuing decades, he has led hundreds of metalsmiths to explore and expand on his pioneering work. Now for the first time, the results of those efforts are compiled into a comprehensive review. With practical techniques and over 450 photographs, this groundbreaking book sets a standard for breadth, authority, and inspiration.Prsentation de l'diteurMore than 20 years ago, Canadian goldsmith Charles Lewton-Brain invented a radical way to develop forms in metal sheet.
