Description : Description du produitSuccess hasn't spoiled screenwriter Lou Calabrese -- it's just given her a taste for luxury. And it's put her in some bizarre situations -- like in a helicopter en route to the wilds of Alaska, sharing too-close quarters with the last man she wants to be with: Jack Townsend! Once a sexy nobody whom Lou helped make a somebody, Jack's just been dumped by a high-profile Hollywood airhead -- who's eloped with Lou's longtime love! So what else could go wrong? Well... Their pilot could try to shoot the most adored man in America. They could crash land in the icy, mountainous middle of nowhere. And at the worst possible moment, when survival should be their only consideration, Jack could start wondering if maybe he wasn't a wee bit too hasty for not giving this sexy screenwriter a second look -- while

Lou could start noticing how superstar Jack is kind of hot after all ...

Prsentation de l'diteurThere are a few places screenwriter Lou Calabrese would rather be than crammed into a helicopter with Jack Townsend, star of her claim to fame, Copkiller, and whose ex just ran off with Lou's ex. Talk about uncomfortable. But when, halfway out to the isolated arctic location where Copkiller IV is currently shooting, their pilot turns murderous and their helicopter crashes, Lou realizes her day has just gotten a lot worse. Now, while family and friends back home fret over her disappearance, Lou is on the run in the arctic wilderness with America's sweetheart Jack Townsend and only the contents of her purse, his pockets, and their mutual knowledge of survival movie trivia to keep them alive. Can these two children of Hollywood put aside their differences and make it back home without killing each other? Or much, much worse, actually start to like one another?
