Description :

Prsentation de l'diteurThe British Museum is Falling Down is a brilliant comic satire of academia, religion and human entanglements. First published in 1965, it tells the story of hapless, scooter-riding young research student Adam Appleby, who is trying to write his thesis but is constantly distracted - not least by the fact that, as Catholics in the 1960s, he and his wife must rely on 'Vatican roulette' to avoid a fourth child.Revue de presse "Brilliantly funny" (Guardian)"A comic tour de force...the hapless Appleby remains one of his most keenly observed characters" (Observer)Prsentation de l'diteurThe British Museum is Falling Down is a brilliant comic satire of academia, religion and human entanglements.
