Description :

Présentation de l'auteur Collects X-Men (1991) #1-7. The mutant terrorist Magneto again threatens the world, and only the X-Men can stop him! And should they survive this confrontation, the villainous Omega Red is waiting in the wings! Présentation de l'auteur Collects X-Men (1991) #1-7. The mutant terrorist Magneto again threatens the world, and only the X-Men can stop him! And should they survive this confrontation, the villainous Omega Red is waiting in the wings! Biographie de l'auteur Chris Claremont is one of the bestselling comic writers in the world. He wrote The Uncanny X-Men for seventeen years as well as the novelization of the movie X-Men 2. He has been the co-creator of several top-selling series for Marvel Comics, including Excalibur, Wolverine, New Mutants, and, in the United Kingdom, Captain Britain. He

wrote the Star Trek twenty-fifth-anniversary graphic novel *Debt of Honor* and a Next Generation sequel, *Cry, Vengeance*, for DC Comics, as well as "Alien/Predator: The Deadliest of Species" for Dark Horse. His debut novel was *Firstflight*, the story of a young female astronaut in the twenty-first century, to which he wrote two sequels, *Grounded* and *Sundowner*. He collaborated with George Lucas on three novels in *The Chronicles of the Shadow War*, and has delved into fantasy with the publication of *Dragon Moon*, a dark fantasy novel co-authored with his wife, Beth Fleisher. The couple lives in Brooklyn with their two children.

John Byrne is distinguished professor of energy and climate policy and director of the Center for Energy and Environmental Policy (CEEP) at the University of Delaware. He is also chairman of the board of the Foundation for Renewable Energy and Environment. He has contributed since 1992 to Working Group III of the Intergovernmental Panel on Climate Change (IPCC), and shares the 2007 Nobel Peace Prize with the panel's authors. He is editor of Transaction's book series *Energy and Environmental Policy*.
